

Intrigo Announces Participation at the Best Practices for Automotive Conference to Showcase IBP Capabilities

FREMONT, CA — October 14, 2016 — Intrigo Systems, the leading provider of Supply Chain Solutions, is pleased to announce its silver sponsorship participation at the upcoming Best Practices for Automotive conference in Detroit, Michigan. The event takes place at the MGM Grand Detroit from October 17- 19.

<http://bestpracticeconferences.com/auto/>

Intrigo Systems, located at **Booth #6**, will be providing real world challenges and proven solutions to enterprise companies focused on digital enterprise, demand driven supply chain, and effective collaboration across the supply chain. Intrigo has been instrumental in the development of SAP Integrated Business Planning (IBP), with the highest number of implementations as a premier SAP partner. Intrigo focuses on delivering tailor-made solutions to its clients, helping companies across a multitude of industries strive for growth and efficiency. Attendees are invited to stop by Booth #6 to experience how Intrigo can transform your business into a digital enterprise.

At this year's conference, Intrigo will provide unique insights on key topics including:

- Intrigo's role in the development of SAP IBP
- Enhancing responsiveness and agility across your supply chain
- Understanding the concrete steps your business needs in order to make an effective transition to IBP
- Assessing the impact of demand and inventory on supply capacity
- Increasing visibility of demand through all nodes of the supply chain

Intrigo Systems will also be hosting a speaking session at the conference:

Tuesday, October 18, 2016 | 1:50 PM - 2:30 PM |

Reliably Planning for Irregular Demand: IBP Improves S&OP at Yazaki Corporation

- David Weinkauff, Yazaki Corporation
- Pushpinder Singh, Intrigo Systems

During the session, you will have the opportunity to learn more about the planning and implementation of the IBP tools and explore how Yazaki chose to address the reliably irregular demand of their customers and achieve improved decision making, increased efficiency, and enhanced mid to long term planning.

About Intrigo Systems:

Intrigo Systems, Inc. is a premier SAP partner and a leading provider of Advisory, Implementation, and Managed Services. We deploy business applications, focused on delivering customer value, in the changing SAP enterprise technology landscape. Intrigo has partnered with SAP in the design of the SAP Advanced Planning Optimization component, SAP IBP and Ariba CSC. Intrigo has a hands-on leadership team who collectively have over 100 successful SAP software implementations to their credit. These include SAP IBP, SAP APO, SAP ERP, Ariba and analytics for industries as varied as High-tech, Fashion, Consumer Products, Manufacturing, Chemicals, Pharma, and Automotive. Our clients include Broadcom, Nvidia, Dolby, Nike, Clorox, Albemarle, ASR among others. Visit www.intrigosys.com

About the Best Practices for Automotive:

Best Practices for Automotive will unite hundreds of industry professionals – senior leadership, decision-makers, business process owners, analysts, super users, support teams and solution providers – in one location for an experiential event built around learning, innovation and peer collaboration. Best Practices for Automotive is an interactive experience rather than a sit-and-listen conference. Specifically designed for you to embrace innovative solutions, fresh ideas and best in class strategies to improve your organization's overall business performance.
