Building An Agile Supply Chain

OCLARO 

Oclaro is a leader in optical components, modules and subsystems for optical transport and metro networks, enterprise networks and data centers. Oclaro is headquartered in San Jose, CA with offices and manufacturing facilities in the United Kingdom, Italy, China, Japan, Malaysia & Thailand

Business Challenges

- Transform Oclaro's legacy IT environment operating in silos to a single unified platform
- Accelerate the speed and quality of decision making
- Enable corporate financial turnaround with unified decision making across multiple geographies

The Resolution

- Implemented SAP Ariba supply chain collaboration for forecasting and procure to pay processes with B2B Integration with global suppliers
- Implementation scope included SAP Ariba, S/4HANA and SAP IBP with increased reliability and efficiency in product delivery
- Implemented Financial Accounting, Cost Control, Sales & Distribution and Material Management modules

Intrigo Advantage and Key Benefits

- On-time, within budget and 100% scope covered on the back of Intrigo's extensive supply chain domain knowledge in the semiconductor industry
- Enabled Oclaro to have access to partners around the globe on a single platform rather than negotiating contracts individually
- Reduced operational costs and put Oclaro in a position to expand product portfolio and consolidate market share

About Intrigo

We empower enterprises for the future.

Intrigo Systems, Inc. is a part of Accenture and an SAP Channel Partner. It is a leading provider of advisory, implementation, and support services. We provide business applications focused on orchestrating customer value networks in the changing SAP Enterprise technology landscape. Intrigo has also helped SAP design Advance Planning & Optimization (APO) and implemented some of the largest successful environments.
